2015 MICRA®

NISSAN MICRA®

What if your car could put a smile on your face, confidence in your hands, and goose bumps all over?
That would be cool. Here are just a few ways Micra® gives you an unforgettable drive.

Great Agility. Whether you're parking or trying to get from point A to point B, Micra®'s impressive 4.65 metre turning radius makes it easy to manoeuvre in tight situations.

RearView Monitor.¹ Shift into "Reverse" and the available RearView Monitor gives you a glimpse of what's behind you on Micra®'s 109 mm (4.3") colour screen.

Bluetooth® Hands-Free Phone System²

This available feature lets you make calls using buttons on the steering wheel and listen via the speakers, and access your stored address books using voice-activation, all while keeping your hands on the wheel.

WHAT IF_

YOUR CAR WAS MADE JUST FOR YOUR LIFE?

Meet the all-new Nissan Micra®. A 5-door, easy-to-drive subcompact car that's super-affordable, a breeze on maintenance, and a genius on gas. In the driver's seat, you'll love its impressive agility, eye-widening visibility, and inspiring, European design. Wrap up your total package in the sporty SR trim, with stylish side skirts and black accents like a rear spoiler and outside mirrors. Catch some shine with the available chrome-plated grille, chrome-accented fog lights, and a chrome exhaust finisher. Top it off with available sporty 16" wheels, and you'll leave a lasting impression. This is what happens when Nissan engineering, performance, and capability all come together in a fun, reliable car made for your roads and your life.

INNOVATION THAT GIVES YOU MORE CAR AND MORE SAVINGS.

6.6 L/100 km (43 MPG) highway,¹ so you can breeze past the pump with ease

.315 Drag coefficient, so Micra[®] moves through the air with less effort

What if you got to drive the car you loved, while saving fuel and reducing your carbon footprint? With Micra[®], you get excellent fuel economy in a stylish, affordable car that's incredibly easy to drive. We got there by developing everything from exterior aerodynamics that slip through the wind, to an advanced 1.6-litre 4-cylinder engine, and offering a reliable, responsive 5-speed manual or 4-speed automatic transmission. And we made sure you'd have the power you need for lag-free, confident acceleration to make passing and highway driving effortless. Best of all, Micra[®] is just one of a family of PUREDRIVE[™] vehicles, reflecting Nissan's commitment to developing more environmentally friendly transportation for all of us.

Nissan Micra[®] SR shown in Red Alert.

PURE DRIVE[®]

¹2015 Fuel Consumption Estimate. Actual mileage may vary with driving conditions – use for comparison only.

SURROUNDED BY A WHOLE NEW SENSE OF CONTROL.

Micra®'s striking, expressive design makes being in the driver's seat something to look forward to. All's clear in the cabin, where an airy design and great visibility make it easy to stay comfortable, yet also stay aware of your surroundings. The scenery inside is easy to love, too. An available silver-accented steering wheel, shift knob, and HVAC vents give your interior a modern pop. Or upgrade to a leather-wrapped steering wheel and other available features like a 6-way adjustable driver's seat and sport cloth with contrast stitching on seats and door panels to bring a refined feel to your everyday drive.

ADAPT IN A SNAP.

From end to end, Micra®'s neat and versatile storage spaces let you keep your car tidy, so storing and retrieving stuff is a piece of cake. No more sliding items or digging for your things. Stash beverages in dedicated holders up front or on your door, and even on the back of the centre console for your rear passengers. Store important stuff in your glove compartment or the map pockets on the doors. And when you need room for larger items, you can fold down the 60/40 split rear seats at the pull of a lever to create 819.5 L (28.9 cubic feet) of space.¹

Nissan Micra® SR shown in Charcoal Cloth.

¹Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution.

PLAY IT YOUR WAY.

iPod®/USB input. Browse your own playlists or podcasts on the available colour display screen and crank it up or turn it down through the available steering wheel-mounted audio controls. And when you plug in your iPod® or other portable MP3 player through the USB port, you're also conveniently charging up your device.¹

Auxiliary input. Micra®'s standard auxiliary input lets you plug in your mobile device such as an iPod®, iPad®, or portable MP3 player to enjoy your favourite music, podcasts, audiobooks, and more.¹

Bluetooth® Hands-Free Phone System. Make and take calls with your hands on the wheel and your eyes on the road. With this available feature, you can make calls using buttons on the steering wheel and listen via the speakers, and access your stored address books using voice-activation.²

iPOD®

BLUETOOTH®

¹ Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. iPod® and iPad® are registered trademarks of Apple, Inc. All rights reserved. iPod® and iPad® not included. ² Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence.

4.65 metre
turning radius

SHOW OFF YOUR MOVES.

What can you do in 4.65 metres? It's super-easy to manoeuvre your Micra®, not only for parallel parking, but three-point turns too. At just 4.65 metres, Micra®'s tiny turning radius is smaller than its key competitors, to make sure you get through the fray and out of tight spots in no time.

It's easy to see the perks. It's not just front visibility that's working in your favour. Micra®'s generously sized windows and unique hatchback design open the way for great visibility ahead, behind, and all around.

Can you get a little closer? Micra®'s available RearView Monitor takes the guesswork out of your parking situation. When you shift into Reverse, a discreet colour camera mounted on the back of the vehicle helps you see what's directly behind you, so you know when to go farther, farther... stop!¹

¹Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

Nissan Micra® SR shown in Caspian Sea.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield® technologies are a comprehensive approach to safety that guides the engineering and development of every vehicle we make. By keeping an eye on your vehicle’s systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident, the Nissan Safety Shield® technologies are our way of looking out for you and yours.

MONITOR

Smart technologies are designed to help monitor conditions.

Available RearView Monitor helps you see what’s directly behind – or what you might have missed – for added peace of mind.¹

RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.²

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.

6 STANDARD AIRBAGS³

Nissan Advanced Airbag System with dual-stage supplemental front airbags with seat-belt and occupant-classification sensors³

Front seat-mounted side-impact supplemental airbags³

Roof-mounted curtain side-impact supplemental airbags³

LATCH System (Lower Anchors and Tethers for CHildren)

snuggly kids® Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/owners/en

¹Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ³Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger’s seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner’s Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment.

CHOOSE YOUR TRIM LEVEL

S

- 1.6-litre 4-cylinder engine
- 5-speed manual transmission or 4-speed automatic transmission
- 15" x 5.5" steel wheels with wheel covers

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive purchase and lease programs, all with competitive rates and terms. With our flexible finance options, driving home a new Nissan has never been easier.

First-time Buyer Program Even with limited or no credit, it can be a snap to get into your own Micra®. You'll have a plan designed to make it easy for you to make your payments on time, so you can drive a car you love and establish a good credit history in no time.

New Canadian Program New beginnings can be easier with a dependable new car that you love. Even if you have limited credit history, you can leave the showroom with your very own, brand new Micra®, and a payment plan that will help you establish good credit and help you out with financing in the future.

Grad Program As you get ready to enter the work force, a new Micra® is a great choice. Even with little or no credit history, you can own a stylish new car that you love, while establishing a good credit history. You may even qualify for additional rewards for being a recent grad.

Micra® Opportunity Program Even if you've faced past credit challenges, you can still drive a great new car that can make life a little easier. Financing or leasing a Micra® is the perfect way to bring up your credit score, with a Finance Plan designed to make it easy for you to make your payments on time.

Find out more about these programs and apply online at **Nissan.ca/finance** or talk to a Nissan Dealer about your financing options.
